You're laying in bed - wide awake again and wrestling with your thoughts of what you're suppose to be doing.

You've got this one thought swirling in your head telling you or showing you an idea to implement.

You're now wondering, "is it me or is God telling me to do this?" How many times has this happened and then we are faced with the choice. Do I act upon what I believe is the Father or do I sit and wonder, second guess it, let it pass?

Chaplain, the time is now. We are in a strange era where what is today can be different tomorrow. Remember when you

NO TIME TO SECOND GUESS

Chaplains Stepping Out

decided to become a Chaplain? Your decision was partly based upon your need to find significance and to answer a "call upon your life" that you knew came from God. Do you remember when you went through Basic Chaplain Training I said that WFM was "building an elite Army of Chaplains"? You chose to be part of this Elite Army. Well WFM Special Forces, NOW is the time to mobilize and complete "the mission".

In this bi-weekly update you will see the amount of new trainings we are offering, declarations to pray and speak, prayer needs within our organization, conference announcements, places that need you to be His Light and more...All this so you, my Warriors can be equipped, ready to stand firm and impact lives. Ready to further His Kingdom.

DECLARATION: Holy spirit, pour the fresh oil of Your anointing over my life, that I may continue to fulfill Your will in my life. Nothing will move me from the Truth of my God.

SOCIAL MEDIA PLACES TO SERVE

Get Outside The Norm

There are numerous areas in the social media arena where you can be the LIGHT in a Dark place. Here are just some of the groups on Facebook to shine:

- **Police Survivors Of P.T.S.D.**
- **Veteran Spouses Support Group**
- **Police Wives Of America**
- **Pastors Helping Pastors**
- **So You're A Pastor's Wife**
- **National Military Family Association**
- **Instagram - just being a presence on that platform would be tremendous**
- **DISCORD (internet page) then search Kenny Beats. Once you find his page in DISCORD look at the left side for the chat and the mental rooms. Don't be shocked at the language, remember these are teens and young adults who are searching.**
 - **Use discernment and seek the Holy Spirit for the right words**
 - **STAY PRAYED UP! You are entering into enemy territory**
